ADDITIONAL COMMENTS EITHER POSITIVE OR NEGATIVE AND THANK YOU FOR COMPLETING THIS FORM!

Moser is generally very healthy. He had some ear infections that are kept under control with regular cleaning. Six months ago he had twisted stomach. I am very lucky to still have him. I believe this was an unlucky chance thing that can happen to large chested dogs.

He is a bundle of joy and very loyal. He loves people and other dogs and seems to sense how playful he can be with different people. Whilst he loves, and generally gets, a daily walk he copes very well if I am unwell or too busy. If he feels he is being neglected he moves my shoes around the house so I notice him.
