**ADDITIONAL COMMENTS EITHER POSITIVE OR NEGATIVE AND THANK YOU FOR COMPLETING THIS FORM!**

Sammie has been a wonderful addition to our family. She is loyal and sweet. Only problem is over past few years she has become extremely anxious and needy with storms. She is also not so great with small children. Never has bitten or been aggressive just some growls when provoked so we keep her away until the child understands dogs. She also hates other dogs but our fault because we don't socialize her.

Her health is great just some expected things. The vet feels she has some rear hip arthritis as we notice after long walks or playing her rear leg is shaky and she seems sore. Otherwise she still acts very young and playful. Loves to swim in our pool and play ball. She always greets us with a toy or bone in her mouth. She is relatively easy. We have to leave her alone 8hrs a day and she doesn't seem to mind. I would definitely recommend this breed but would want a non-shedder next time.

Thanks again Beverly. I can't believe she is almost 10 yrs old.
