ADDITIONAL COMMENTS EITHER POSITIVE OR NEGATIVE AND THANK YOU FOR COMPLETING THIS FORM!

Winston has been a wonderful pet for us. He has been spoilt rotten by my wife particularly and is her companion dog as she doesn't work. He is probably a "larger" miniature labradoodle and seems to suffer from separation anxiety, although he is never left for more than a couple of hours at a time.

He hasn't suffered anything in the way of health problems and so we have been quite fortunate in that way. I suspect that as he approaches 10-years next month then he may have the usual problems associated with age.

We have been extremely interested in the recent notes on the infusions to the original labradoodle and will be very interested in obtaining another dog (pet only) once Winston decides to leave us. Thank you Beverley for what you do and please keep up the good work.
